

Resources for Priesthood Leaders and Ward Councils

FIND

TEACH

IT ALL STARTS WITH **PRIESTHOOD KEYS**

“For him to whom these keys are given there is no difficulty in obtaining a knowledge of facts in relation to the salvation of the children of men, both as well for the dead as for the living” (D&C 128:11). The prophet holds all the keys of the priesthood. Temple sealers are given sealing keys. Local leaders are also given keys to help members participate in the work of salvation for their deceased ancestors.

GETTING STARTED

Leading stakes, wards, and branches to do family history and temple service requires you to seek inspiration and exercise faith. A Leader Resources for Family History website, available on LDS.org, has been created to assist you in undertaking this important work.

This website will teach you:

1. **What to focus on**
2. **How to get started with Find, Take, Teach**
3. **Who to work with**
4. **How to leverage available resources**
